## Columbus, O., May Have Large Aviation Camp

COLUMBUS, Ohio, May 23.—The  
Columbus Dispatch printed the following  
special telegram from Washington:

"The war department is planning to  
choose Columbus as the location for the  
biggest aviation training camp in the  
country. If the state will allow the  
government to use the state fair grounds  
as a site for the camp, the project  
undoubtedly will be put  
through successfully.

"The government wants to establish  
a camp on the fair grounds for the  
training of from 1500 to 2000 aviators  
and if plans are carried out this  
will give the Buckeye state capital the  
largest camp of fliers in the country."

## NEW RECORDS FOR YOUR TALKING MACHINE

They say the waltz is coming back.  
What a wonderful welcome will be  
given it by one of the Columbia June  
records which features no less than  
twelve famous old waltz-songs! Think  
of gliding over the floor to the strains  
of "Sweet Rosie O'Grady," "Annie  
Kiss," "After the Ball," "My Pearl's  
a Bowery Girl," and many others of  
the old favorites mother and dad loved  
so well and which are played here in  
a brand new dress. Prince's band puts  
the true waltz feeling into every beat.

One of the snappiest, catchiest, most  
melodious tunes which has ever floated  
over the footlights from that fam-  
ous "enchanting" battery of  
songland, Van & Schenck, is "In the  
Land O' Yama Yama"—the song in  
which these artists make their Colum-  
bia debut this month. On the back is  
"My Mind's Made Up to Marry Caro-  
lina," and you really can't blame the  
young man at all when you hear his  
story so melodiously warbled by this  
famous vaudeville team.

For a true blue-curing, hilarious  
song hit everybody along Broadway is  
bumming and singing these "N  
Everything." Al Johnson's latest Winter  
Garden success. It is one of the most  
notable of the Columbia June records  
—sung as only Al Johnson can sing a  
live, up-to-the-minute song.

Stracciari, the world-famous baritone,  
who is piling up success after success  
on the operatic stage, sings for Colum-  
bia this month an impassioned air  
from "Traviata," with as-  
tounding power and exquisite feeling.  
Every lover of opera will want to hear  
him in "Di Provenza il Mar il Suol."

Another deservedly popular double  
disc in the Columbia group of  
June records is a patriotic medley with  
the requisite snap and dash supplied  
by Prince's band. The title record is  
taken by no less a favorite than "Au-  
revole, But Not Goodbye." Minor, but  
nevertheless important parts are played  
by "That's the Kind of a Baby for  
Me" and "Give Me the Moonlight.  
Give Me the Girl" played in fast dance  
time. Here is a tuneful record that  
will set you to kicking back the rugs.

There is probably no better known  
or more thoroughly amusing caude-  
ville sketch on the American circuit  
today than Julian Rose's impersona-  
tion of "Levisky." In the June group  
of Columbia records is the last record  
of the two which Mr. Rose has made,  
entitled "Levisky at the Wedding." Here  
is clean, sparkling humor at its  
best—a laugh in every line. And the  
last laugh is the best laugh of all.

And last, but not least, there is Nora  
Bayes, the popular comedienne, who  
makes a bully Columbia record this  
month—a double header of joy, "Re-  
gretful Blues" and "A Little Bit of  
Sunshine."

## Women! Here Is A Dandy Thing

Few drops stop corns hurting  
then they lift right out  
with fingers

Your high heels have  
put corn on your toes and  
calluses on the bottom of  
your feet, but why care  
now?

This tiny bottle holds an  
almost magic fluid. A  
genius in Cincinnati dis-  
covered this ether com-  
pound and named it free-  
one. Small bottles of free-  
one can be had at any drug  
store for a few cents. Apply  
a few drops on your  
tender aching corn or cal-  
lus. Instantly the soreness  
disappears and shortly you  
will find the corn or callus  
so shriveled and loose that  
you can lift it off with the  
fingers.

Just think! You get rid  
of a hard corn, soft corn  
or a corn between the toes,  
as well as hardened cal-  
luses, without suffering  
one particle. Millions of  
women keep a tiny bottle  
on the dresser and never  
let corns ache twice.

## OGDEN GIRL IS RECEIVING PRAISE

A little Ogden girl is winning atten-  
tion in Idaho, as the following from  
the Pocatello Tribune proves:

Kathlyn M. Blosser, 11-year-old  
daughter of J. L. Blosser of Moore,  
Idaho, and Beattie M. Blosser of this  
city, a pupil of Bonneville school, who  
was one of the winners in the contest  
on "Thrill Stamps," spoke at the  
Olympic theatre. Following is her  
story:

"We should buy thrift stamps and  
in that way enable our country to feed  
and clothe our soldiers and sailor boys  
who are today fighting for liberty, hu-  
manity, freedom and our greatest  
menace, autocracy and militarism.  
"We should buy thrift stamps to  
build a merchant marine that will en-  
able our country to transport our sol-  
diers across the Atlantic; to transport  
food and clothing to them; to transport  
guns and ammunition to be used in  
crushing kaiserism; to build battle-  
ships to safely convey our troops and  
supplies to the other side, and to build  
hospitals to care for the sick and  
wounded, who have fallen in the gal-  
lant defense of our great country, and  
that of our allies.

"We should not entertain the idea  
that we are sacrificing anything when  
we buy thrift stamps, or a Liberty  
stamp is the safest investment in the  
world. A 25-cent thrift stamp is just

## TRY THIS FOR ECONOMY

"Conserving," "Economy" and  
"Thrifty" are the present-day  
watchwords and well they may be!  
Are you conserving your health?  
Are you economical in buying  
treatment for disease? You should be!  
If your stomach, liver, kidneys, bowels and  
blood are not right in every  
sense, you should at once begin  
a treatment to restore good,  
healthy conditions. Sulphur,  
cream of tartar and herb ex-  
tracts in a sugar-coated form,  
called Sulphur Tablets, the  
surest relief that is economical.  
Get them in sealed tubes from  
druggists. Sulphur is the name  
—not "sulphur." Mrs. J. J. Dev-  
lin, 518 W. 152nd St., New York  
City, writes: "I would also like  
to say I find your Sulphur Tab-  
lets O. K. and am very much  
pleased to recommend to all my  
friends, etc."—Advertisement.

as good as any 25-cent coin that was  
ever minted. It is safer than any sav-  
ings bank in the world. It also bears  
a rate of interest that is as high as  
any savings bank in the world.

"Every time you get a 25-cent piece  
in your hand, or back in change from  
a store or from any other source, if  
these stamps are not on sale at that  
particular place, go to the nearest  
place and invest the same in thrift  
stamps. Take the stamp home until  
you have purchased sixteen of these  
thrift stamps and then exchange them  
for a war savings stamp and I will be  
safe in saying that you will be one  
of the happiest persons in the whole  
world in 1923 when you present the  
same to your government and my gov-  
ernment for redemption. You will  
have contributed toward the crushing  
of a Kaiser-Ludendorff-Hindenburg  
combination which we all know must  
be done before our country together  
with those of our gallant allies will be  
safe.

"Ladies and gentlemen, give this  
your utmost consideration and start  
at once to save your country, my coun-  
try, and the greatest democracy on  
earth by purchasing thrift stamps. I  
thank you."

## Ogden Man Spent For- tune in Search

"I spent \$1800 in seven years treat-  
ing with physicians, some specialists  
costing me \$10 a visit, only to at last  
say that nothing could be done for  
me, that I had cancer or ulcers of the  
stomach. I suffered awful pains in  
my stomach, but after taking a few  
doses of May's Wonderful Remedy  
these all disappeared and for three  
years am feeling fine." It is a sim-  
ple, harmless preparation that removes  
the catarrhal mucus from the intes-  
tinal tract and allays the inflammation  
which causes practically all stomach,  
liver and intestinal ailments, including  
appendicitis. One dose will convince  
or money refunded.—McIntyre Drug

## HOOPER GIVES THE BOYS FAREWELL

The nine men who will leave from  
Hooper next Monday for Camp Lewis  
with the county's draft contingent,  
were honored last evening with the big  
farewell party given in the Hooper  
amusement hall. The event was one  
of the most largely attended of the  
year, between four and five hundred  
people responding. The Hooper men  
are Levi Parker, Thomas Widdison,  
Albert Peterson, Leo Jones, Frank  
Todd, Leslie Gwilliams, Wilford Gwill-  
iams and George Wadsworth.

A service flag bearing 34 stars, rep-  
resenting Hooper's contribution to Uncle  
Sam in man power, was presented to  
the community by Mrs. James Widdison  
on behalf of the Home Economic Club.  
James B. Egan, president of the  
Hooper Commercial club, made a  
speech of acceptance.

A farewell party was given in the  
South Weber amusement hall last  
evening for Fred Schmalz and William  
Krandenonk, who will leave for Camp  
Lewis on Monday. They were pre-  
sented with signal rings appropri-  
ately inscribed. On the program were  
speakers including Charles Hollings-  
worth of the Four-Minute club, Ed-  
mund Jenkins of South Weber, Tim-  
othy Kendall and Bishop Fernelius. A  
dance will be given this evening in  
honor of the departing soldiers.

## WAR PRISONERS TOTAL INVALIDS

Half of Captured Russians in  
Last Stages of Tubercu-  
losis Disease.

MOSCOW, Friday, May 17.—(By the  
Associated Press.)—One million of  
3,100,000 Russian war prisoners held  
in Germany and Austria-Hungary are  
total invalids. In Germany there are  
1,500,000 and in Austria 1,200,000. Half  
of the invalids are tubercular, most of  
them in the last stages of that plague.  
Many of the remainder are suffering  
from other serious contagious dis-  
eases.

Therefore their return to Russia un-  
der present conditions is a great prob-  
lem on account of the lack of food,  
proper accommodations and medical  
assistance.

Plans are being made for the repa-  
triation of five million refugees to the  
Russian provinces occupied by the  
Germans. Some of the refugees are  
in Siberia, while the others are in  
Russia. So far the Germans have  
shown great unwillingness to admit  
them in large numbers. Several hun-  
dred thousands already are gathered at  
the frontiers, but only small parties  
are admitted, the Germans claiming  
that the transportation facilities are  
limited.

WASHINGTON, May 23.—Arrival at  
Petrograd of the first contingent of  
fifteen hundred Russian prisoners to be  
exchanged under the recent Russo-  
German agreement for German pris-  
oners, is reported. The men, the dis-  
patch said, were "virtually walking  
dead men."

Recent dispatches said that the Ger-  
mans had demanded an agreement for  
the exchange of prisoners under which  
only Russians not fit for work would  
be returned to Russia and only ablet-  
bodied Germans would be returned to  
Germany.

Today's dispatches to the state de-  
partment said the condition of the sol-  
diers returning to Petrograd aroused  
great indignation.

## THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to  
Put on Firm, Healthy Flesh and  
to Increase Strength, Vigor  
and Nerve Force.

Judging from the countless prepara-  
tions advertised for the purpose of  
making thin people fleshy, developing  
muscle and replacing the soft, curved  
lines of health and beauty, there are evi-  
dently thousands of men and women who  
keenly feel excessive thinness.

Thinness and weakness are usually due  
to starved nerves. Our bodies need more  
phosphate than is contained in modern  
foods. Physicians claim there is nothing  
that will supply this deficiency so well as  
the organic phosphate, known among  
druggists as bitro-phosphate, which is in-  
expensive and is sold by Culley Drug Co.,  
McIntyre Drug Co. and most other  
druggists under a guarantee of antia-  
stomachic or money back. By feeding the  
nerves directly and by supplying the  
body cells with the necessary phosphoric  
food elements, bitro-phosphate quickly  
produces a welcome transformation in the  
appearance: the increase in weight, fre-  
quently being astonishing.

This increase in weight also carries  
with it a general improvement in the  
health. Nervousness, sleeplessness and  
lack of energy which nearly always ac-  
company excessive thinness, soon disap-  
pear, dull eyes become bright, and pale  
cheeks glow with the bloom of perfect  
health.

CAUTION.—Although bitro-phosphate  
is unsurpassed for relieving nervousness,  
sleeplessness and general weakness, it  
should not, owing to its remarkable  
fresh-growing properties, be used by any-  
one who does not desire to put on flesh.

the fort this afternoon. Announcement  
to this effect was made from the post  
yesterday afternoon.

Today the first increment of 300 re-  
cruits from Fort Logan, Colo., are due  
to arrive at Fort Douglas. A non-  
commissioned officer was sent from  
the post several days ago to the Colo-  
rado post to take command of the re-  
cruits and bring them here. They are  
to be used in filling the regiment to  
war strength. About 1500 more re-  
cruits or trained men are to be sent  
in from other places within a short  
time to bring the regiment to its full  
quota of 3640 men.

## MACCABEES ARE TO HAVE A MEMORIAL

The regular annual memorial serv-  
ices of the Maccabees are to be held  
next Sunday evening in the Baptist  
church, commencing at 7:30.  
The members of the lodge have made elab-  
orate preparations for the event and  
are planning to attend in a large body.  
The memorial address will be given by  
Rev. M. G. Winters of Denver, Colo.  
Special music for the occasion has  
been arranged.

## PRIVATE BIDDLE ENDS OWN LIFE

Brigham City Boy of C Bat-  
tery Commits Suicide at  
Camp Kearny.

CAMP KEARNY, Cal., May 23.—  
Private Ralph Biddle of C battery, son  
of Mr. and Mrs. Sidney Biddle, resi-  
dents of Brigham City, shot himself  
through the body with his army rifle  
late last night and died twenty min-  
utes later. The cause of the shooting  
has not yet been determined by a  
board which was detailed to investi-  
gate the case by Colonel William C.  
Webb this morning. This board is to  
report whether the shooting was ac-  
cidental or intentional.

The fatal shot rang out in the still-  
ness of the camp just after taps had  
sounded and light extinguished. Two  
comrades of the dead soldier, Privates  
Lorenzo Anderson and Lorenzo Full-  
mer, were asleep in the tent when  
the shooting occurred. Hardly had the  
report of the shot died away than the  
wounded soldier cried for help and his  
comrades rushed to his side. He was  
lying on his back and blood was pour-  
ing from a large wound in his back,  
where the steel-jacketed bullet had  
emerged.

His rifle was lying between his  
knees and the position of the body  
gave evidence that the lad was in a sit-  
ting posture when shot. His comrades  
tried to question him, but Biddle  
lapsed into unconsciousness before he  
could answer. Lieutenant Reeves of  
the sanitary detachment arrived a few  
moments later and made every effort  
to stop the flow of blood but the loss  
had already been so heavy that death  
came within twenty minutes. A cousin  
of the dead soldier, Corporal Albert J.  
Biddle, who was in charge of the squad  
tent in which the shooting occurred,  
was not present at the time, but upon  
returning from a dance in La Jolla  
he could give no reason why the man  
should take his life.

Practically every man in the regi-  
ment heard the shot, but paid little at-  
tention, believing that a guard had ac-  
cidentally discharged his rifle. But a  
few knew of it until this morning.  
After tearing its way through the sol-  
dier's body, the bullet passed through  
a thick wooden tent railing, pierced  
the tent and a ton in D battery, and  
then could be heard as it screamed  
through the air.

Biddle's body was at once removed  
to the base hospital morgue and his  
tent placed under guard until this  
morning. His tentmates were made  
to find other quarters. Arrangements  
are now being made with the boy's  
parents for the disposition of the body.  
The soldier was 19 years old and en-  
listed in Brigham City on June 2, 1917.  
He was said to have been a willing  
and efficient soldier. The board which  
is investigating the case is composed  
of Major LeRoy Bourne, Captain Ed-  
win G. Woolley and Lieutenant Don G.  
Williams.

GARY MEANS IT.  
Chairman Gary, of the United States  
Steel corporation, promises one steel  
ship every ten days when his ship-  
yards get well started. Getting well  
started in this country has been al-  
most like raising the dead—Spring-  
field Republican.

til her army knitters a boy with feet  
small enough for those socks to fit."—
